## PROFESSIONAL GOAL

Always driven to contribute with my best, I seek a diverse environment with opportunities for growth as a Full Stack Developer.

## EDUCATION

- **Full Stack Web Development - Trybe, January 2023.**  
The program has over 1500 hours of synchronous and asynchronous classes and covers software development fundamentals, front-end, back-end, computer science, software engineering, agile methodologies and behavioral skills.
- **Master of Music (Violin) – University of Saskatchewan – May 2022.**
- **Bacharelor of Music (Violin) – University of São Paulo – December 2017.**

## PROFESSIONAL EXPERIENCES

- **Violinist – Saskatoon Symphony Orchestra - SK - Canada - Jan 2022 / May 2022**
  - Play with the first violin section on the season program.
  - Integrate rehearsals and concerts.
- **Violin Teacher at Rosetown Music Festival – SK - Canada - Set 2021 / May 2022**
  - Conduct weekly individual violin lessons for people of various ages and levels.
  - Prepare selected students for violin competitions.

## MAIN TECHNOLOGIES

- **Front-end:** HTML5, CSS3, SASS, Bootstrap, JavaScript, ReactJS
- **Back-end:** Node.js, Express.js, Typescript, MySQL
- **Tests:** Jest, React Testing Library, Mocha, Chai
- **Infra:** Docker, Heroku

## LANGUAGES

- Fluent English
- Fluent/Native Portuguese
- Basic Spanish

## MAIN PROJECTS

- **Recipes app:** application to search, filter, favorite and track the preparation progress of recipes and drink.
  - <https://github.com/thayarasiqueira/recipes-app>
  - Technologies used: React, Context API, React Hooks, CSS
- **Store Manager:** development of a RESTful API, using MVC architecture, for a dropshipping sales management system allowing CRUD on a MySQL database. Tests were also developed for each layer.
  - <https://github.com/thayarasiqueira/store-manager>
  - Technologies used: Node.js, Express.js, MySQL, Mocha, Chai, Sinon
